

Did you know that KVSA is a NON-PROFIT ORGANIZATION?

That means we keep your cost to a minimum, but it also means

WE NEED YOU!

We need volunteers to make the wheels (or balls!) go round.

Some of you like to **coach**

Some of you like to **manage** teams

Some of you like to work on a **computer**

Some of you like **PR**

We also realize that most of you have hectic schedules and limited availability!

With this in mind, we want to ask for your help in the following areas- the areas that interest you. Give as much or as little time as you can. Any assistance will be welcome and greatly appreciated.

- **PR** (keeping notices in the newspaper and TV station, updating our website, distributing flyers or helping with the newsletter)
- **Fundraising** (soliciting advertizing, helping with promotions and special fundraising events such as a Soccer Carnival or Soccer Watch parties)
- **Administrative Support** (i.e. returning phone messages during registration periods, responding to email, filing)
- **Tournament Volunteer** – Help with game-day registration, be a field marshal, collect parking fees, pick up food for the referees (they are known to be a very hungry group and we want to keep them HAPPY!)
- **Recreation, Club and Premiere Committees** – Join a committee to help organize and direct one of our programs.
- **Board Member** (if you like big picture planning, we currently have two available openings on the board for At-Large Members)
- **Volunteer Coordinator** – Recruit and direct volunteers for tournaments and special events
- **Organizational Needs Assessment** – We have an on-going assessment that needs to be fine-tuned and implemented
- **Systems Development** for the organization (i.e. develop systems to help our organization run more efficiently and smoothly)
- **Grant Writing** – Help prepare grant proposals to add new programs or purchase new equipment.

This list could go on and on! As parents of our athletes, you know what is missing more than anyone.

Please tell your coaches what you might be able to help with or
contact Beth Clark, VOLUNTEER COORDINATOR at 785-423-5917.

We are brimming with ideas but need volunteers to help make them happen.

If you are not getting the response you want from KVSA, it is probably because our paid staff is limited...to say the least. **Don't give up on your needs or your kids' needs.**
